- Embed the bowl in the stone compartment above the heating elements.
- Fill the bowl with water before starting the heater.
- Fill water up to the strainer.
- Add a few drops essence oil, herbs or a teabag.
- Enjoy an enhanced sauna experience.

CAUTION!

When refilling the bowl when hot, be aware of hot water droplets. Use a Tylö ladle.

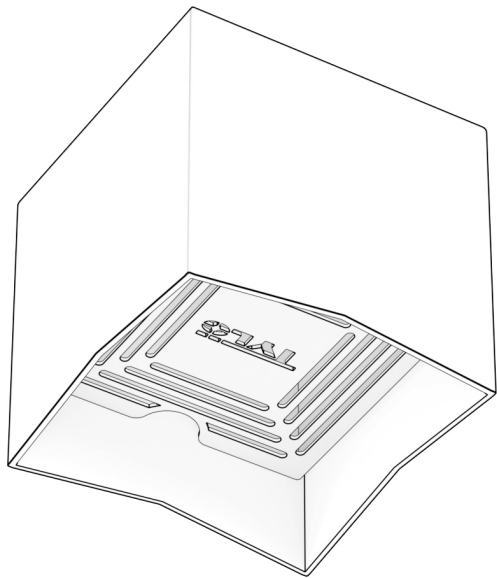

WARNING!

Never put directly essence oil or anything else in the bowl without water. Fire and smoke hazard.
